LONCIN XWOLF 200

The LONCIN XWOLF 200 is the smallest and most compact ATV in the XWOLF range, offering lightweight construction and excellent manoeuvrability. It is suitable for both beginners and experienced riders who value simplicity, practicality and reliability.

Thanks to its simple and intuitive controls, even less experienced riders can quickly become familiar with the ATV and feel confident behind the handlebars.

The XWOLF 200 is an excellent choice for both everyday rides and off-road adventures.

The ATV features T3b homologation, allowing it to be registered for use on public roads. In Latvia, a category B driving licence or a TR1 or TR2 tractor driving licence is required.
